Official Cinnamon Toast Crunch Grading Report

“Why not take the most ordinary thing and bury it in paperwork until it feels important?”

Specimen ID: A-02
Certification ID: CTC-2025-4822
Date: October 4th, 2025
Documented Time: 10:57 PM CST
Certified By: Shawn Wiederhoeft

Measurements & Weight

Length × Width × Thickness: 17.16 × 18.55 × 3.37 mm
Weight: not recorded

Condition Analysis & Subgrades

Category	Score	Notes
Corners	7.8	One corner rounded beyond tolerance (radius >0.3mm).
Edges	7.5	Small chip and compression along short axis.
Surface Integrity	8.0	Good ridge retention; minor pocking visible.
Coating Uniformity	7.5	Uneven cinnamon coverage; quadrant variance >10%.
Geometry / Flatness	7.6	Pronounced bow; curvature ≈ 10.8% (Warped band).

Overall Grade: PSA 7.5 (EX +)
Weighted Mean: 7.69
Curvature %: 10.8% (triggers warped cap)

Provenance

General Mills — Cinnamon Toast Crunch (12 oz).
Source Box Code: CE150002 • Best By: 24 MAR 2026.

Interpretation: Pronounced bowing and edge compression limit geometric perfection. While the surface ridge pattern remains intact and coating coverage acceptable, visible curvature and a chipped edge firmly place this specimen within the EX+ tier. A structurally interesting example of cereal morphology under Multiview strict-mode enforcement.
